A message from your President....

Happy August!

Summer is halfway over and hopefully we'll have a wonderful fall to enjoy also.

The dining room has been open and it's great seeing all of you coming out to enjoy each others company. This is a wonderful way to see many old friends and to greet the new residents here at Woodside.

Our August month is filled with lots of new activities. There are lots of new ideas and places to go. We need to have good participation in order to keep these new ideas working. Encourage your neighbors to come out with you.

There is an old saying– The More the Merrier!

So remember to check your calendar each day and join in the fun!

God Bless
